

BAINBRIDGE
SAIL & COVER

Performance Laminates

Performance products bred from 1983 America's Cup through to Volvo Ocean Races and modern day IRC

DIAX

- ◆ Selected fibre construction and modulus to suit incremental performance gains and your yacht's sail design/specification
- ◆ Tri-axial construction of warp, fill and bias fibres significantly increases puncture resistance and virtually eliminates off axis tear
- ◆ Optional constructions in film-film and taffeta for ultimate performance and durability
- ◆ Medium-Soft Hand giving long-life performance
- ◆ Ultra high pressure lamination coupled with pre-tensioned scrim without crimp, ensures minimal weight on the race course or cruising sail inventory

Race & Performance Cruise laminate designed and tested to deliver – DIAX the winners choice

The Bainbridge brand has been synonymous with quality and innovation since 1917.

As the original pioneers of laminate sailcloth we have continuously improved our products with unique knowledge garnered from countless race wins. Today's **DIAX** combines all of this experience in a range which covers the complete spectrum of classes - from dinghies to sports boats through to 60ft performance cruisers.
